PMSI APPOINTS MAURICE STEENLAND AS VICE PRESIDENT OF INFORMATICS

Experienced Executive Assumes Leadership of PMSI's Informatics Function

Tampa, Florida (January 28, 2010) – PMSI, one of the nation's largest providers of specialty products and services for the workers' compensation market, today announced that Maurice Steenland has joined the company as Vice President of Informatics.

"PMSI is committed to providing our customers with best-in-class analytic and reporting services. Maurice's addition will further enhance our ability to help customers understand the performance of their programs and identify improvement opportunities," commented Jay Krueger, Chief Strategy Officer.

Steenland will be responsible for leading PMSI's informatics function, a major area of investment for the company in 2009. Upon his appointment, Steenland commented, "PMSI is focused on being a leader in the area of informatics. PMSI's extensive database of claims information compiled over its 34 year history and its proprietary analytic tools position the company uniquely in the industry. I look forward to being part of the leadership team and working with clients to deliver analytics that help them effectively manage cost and improve quality of care."

A skilled operational executive with extensive informatics and process improvement experience, Steenland brings a history of experience in the healthcare and workers' compensation markets to PMSI. Most recently, he served as Executive Director for Coventry Health Care of Nevada. Previously he served in positions of progressive responsibility for CIGNA, including National Director of Utilization Management and Vice President of Intracorp External Operations. Maurice received his MBA degree from the Wharton School of the University of Pennsylvania and his Bachelor of Business Administration degree in Corporate Finance from Western Michigan University.

About PMSI:

PMSI is one of the nation's largest full-service providers of clinically driven services for Pharmacy, Medical Services and Equipment, and Settlement Solutions, and is devoted exclusively to the workers' compensation and liability markets. For over 33 years, PMSI has led the industry and served as the trusted resource for thousands of insurance payers, state workers' compensation funds, employers, and third-party administrators. Today, PMSI continues its leadership position by managing millions of pharmacy, medical services and equipment, and settlement transactions each year.
